A YOUNG MAN HUGGED AGAINST HIS WILL

A most ludicrous scene transpired in a place not a thousand miles from Louisville, one night last week, which, though a little annoying to the parties immediately concerned, was yet so innocent and funny that we cannot refrain from giving the general outlines, suppressing names, of course:

Two sprightly and beautiful young ladies were visiting their cousin, another sprightly and beautiful young lady, who, like her guests, was of that happy age which turns everything into fun and merriment. If the truth were told, we fear we should have to record the fact that these three misses were just a little fast. They were fond of practical jokes, and were continually playing all sorts of pranks with each other. All three occupied a room on the ground floor cuddled up together in one bed.

Two of the young ladies attended a party on the night in question, and did not get home until half-past twelve o'clock at night. As it was late they concluded not to disturb the household, so they quietly stepped into their room through the low open window.

In about half an hour after they left for the party, a young Methodist minister called at the house where they were staying and craved a night's lodging, which, of course, was cheerfully granted. As ministers always have the best of everything, the old lady put him in the best room to sleep, and the young lady (Fannie) who had not gone to the party, was entrusted with the duty of sitting up for the absent ones, and of informing them of the change of rooms. She took up her post in the parlor, and as the night was sultry, sleep overcame her, and she departed on an excursion to the land of dreams.

We will now return to the young ladies who had gone into their rooms through the window. By the dim light of the moonbeams as they struggled through the curtains, the young ladies were enabled to descry the outline of Fannie (as they supposed) ensconced in the midnle of the bed. They saw more, to wit: a pair of boots. The truth flashed upon them at once. They saw it all. Fannie had set the boots in the room to give them a good scare. They put their heads together and determind to turn the tables on her. Silently they disrobed, and as stealthy as cats they took their position on each side of the bed. At a given signal they both jumped into bed, one on each side of the unconscious parson, laughing and screaming. "Oh, what a man! Oh, what a man!" and they gave the poor bewildered minister such a promiscuous hugging and tousling as few persons are able to brag of in the course of a lifetime.

The noise of this proceeding awoke the old lady, who was sleeping in an adjoining room. She comprehended the situation in a moment, and rushing to the room, she opened the door and exclaimed: "Oh Lorny, gals, it is a man; in is a man sure enough!"

There was one prolonged, consolidated scream: a flash of muslin through the door, and all was over.

The best of the joke is that the minister took the whole thing in earnest. He would listen to no apologies the old lady could make for the girls. He would hear no excuse, but solemnly folded his clerical robes around him, and silently stole away.

CISTERNS AND PIPES MADE OF PAPER.—A late foreign journal describes a newly invented material for cisterns and water-pipes, which effectually resists the action of frost; and, strange to say, this material is prepared of paper. In illustration of this statement it says that at the Albion Works, England, there was in the open yard a large brick tank containing several tons of water the ice in which was several inches thick, during the severe cold of the past winter. By the side of this was another tank, made of paper boards, the water in which was not the least frozen. Some iron pipes which supplied water to the boiler of the engine house from a large cistern burst in several places on the thawing of the frozen water which they contained. Some paper pipes on the other hand, filled with water, and which had been exposed to the snow on the ground, kept the water without freezing. In a model house or hut, made of paper, some water in open bowls and pails did not freeze, though outside the building there were large masses of ice.

COMPENSATIONS.—A woman says what she pleases without being knocked down for it. She can take a snooze after dinner, while her husband goes to work. She can go into the street without being asked to stand treat at every saloon. She can stay at home in the time of war, and get married again if her husband gets killed. She can wear corsets if too thick, and other fixings if too thin. She can get divorced from her husband whenever she sees one she likes better. She can get her husband in debt all over until he warns the public not to trust her on his account. But all these advantages are balanced by the great fact that she cannot sing bass, or climb a tree with any degree of propriety.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the bonds of our National Union.

Resolved, that in reconstructing the nation its foundations should be justice and its architects loyalty, and we are unwilling that those so active to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freemen and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and when the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and as evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1866, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be holden or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

EDWARD STANLY.—This frail and feeble fossil is charging round the State with all the remaining force that clings to him. And it is difficult to tell whether or not his memory is as weak as his malignity is strong. To show the power of his memory hear him read in one breath Lincoln's letter to Governor Hahn, suggesting that some negroes be allowed to vote in Louisiana, and in the next his discussion with Douglas in which he says he is opposed to negro citizenship, and then hear him add: "this opinion he never changed." Or learn the extent of his Christian charity when he blackens Gorham all over inside and out. He is lower down than most Copperheads in his praise of Andrew Johnson and W. H. Seward, and quite as malignant in his abuse of Congress as the rest. If his harangues turn any part of a Union man, it will be the stomach.

THANKS.—We take pleasure in returning thanks to the ladies and friends of Gold Run for a purse of gold presented to Mrs. Cool, containing $178,60, the net proceeds of an Ice Cream and Blackberry Festival given by them on the evening of August 17th. Where all did so well, it is a delicate thing to mention names; still we hope all are willing special thanks should be tendered to Mr. and Mrs. Hackett for the use of the Hall and Hotel free of charge—and to Mrs. Welsh, for her efficient services, as she was simply a visitor from Sacramento. To all we tender our sincere thanks.

P. Y. & S. M. COOL.

UNFOUNDED.—The *Dramatic Chronicle* says the report that the Union party intend to urge the passage of a law by which hereafter no person will be allowed to vote unless he or she can read or write is unfounded Only a thorough knowledge of the alphabet, a slight skirmishing among the ab, abs and sufficient mathematical knowledge to determine with some degree of precision and certainty as to the sum of two and two will be considered absolutely indispensable in order to secure the right of suffrage. This will not invalidate more than a third of the Democratic vote.

DEPARTURE.—Our fellow townsman and neighbor, Hon, W. D. Harriman, has gone to the Bay to take the steamer which leaves to day by the way of Nicaragua. His wife and child have been several months at the East, and it is Mr. Harriman's intention to return before the Atlantic winter sets in. He has our most hearty good wishes for a pleasant voyage and safe return. He has promised to tell us the truth about matters at the East, and our readers may prepare for a treat soon after his arrival among the powers.

PLUMAS.—The Nevada *Gazette* of August 22d says a letter to the *Appeal*, from Plumas county, says A. A. Sargent, General La Grange and J. B. Buckbee addressed an immense meeting at La Porte on the evening of the 17th. On Monday evening they spoke at Quincy. The writer says the Union men of Plumas are thoroughly aroused and determined to give Gorham a rousing majority in the county. The meeting at La Porte was one of the largest ever held in that part of the State.

DELUSIONS OF THE SOUTH.

Not going back beyond the origin of the war, the South, under the teaching of unwise leaders, has been the victim to the following delusions:

1. That secession would prove a remedy for wrongs inflicted or mischiefs threatened.
2. That war would not result from secession, because the people of the North lacked for courage for such an undertaking; because cotton was king; because they were too shrewd to quarrel with their own bread and butter, and because the great Democratic party of the North was pledged to throw itself across the path of any army that might attempt to move southward.
3. That if war should result we might confidently count on the assistance of Great Britain, and that with or without such assistance we could never be subjugated.
4. The war being begun, that we had only to hold on, and two things would happen which would secure our triumph: First, a reaction against it, led on by the Democratic party; and, second, a financial crash that would deprive the Government of the means to carry it on.
5. That war being ended, that the North would open its arms at once, would run to meet us, kill the fatted calf, etc., etc.
6. Finding ourselves disappointed in this, that we might safely put our reliance in the President, whose protection would be a sure defence, and whose power would secure for us a speedy reinvestment with the privilege of self-government.
7. The President having failed, that we must again look to the Democratic party of the North who were about to carry the elections and revolutionize Congress.
8. The Democratic party having lost rather than gained in the elections, that we must look to the Supreme Court, who would set up the Constitution as our shield and buckler, and with the awful frown of justice, would petrify Congress into silence and submission.

This, like the others, has proved a delusion. Thus one assurance after another of those who would lead us has proved false: one hope after another has failed. What remains? Where next shall we look? Ask the Richmond *Enquirer*, and it will tell you again, as, in substance, it is telling you daily, look to the Democratic party! Has not that reed broken and pierced our sides often enough?

What remains? Our condition as a people is a most unhappy one. We need relief, repose, security. We trusted to the President, and he was powerless. We looked to the Supreme Court, and it availed us not. We have waited for a popular reaction in the North, till waiting is madness. There is but one recourse left, but it is an all sufficient one. We must overcome the hostility of the party that controls Congress, the President, the Court and country. We must cease to make an unavailing, reacting and self-hurting war upon it. We must secure its confidence and good will. We see no other hope.—*Richmond Whig.*

STAGE ROBBERS CAPTURED.—The three men who stopped the Susanville stage on the 29th ult., and robbed the passengers and Whiting & Rutherford's express of some $3,000, were captured on the 10th inst., near Lassen's Butte, by Capt. Higood, Sandy Young, Sam Cary, Hard Thomas and J. Morris. We have gathered the following particulars of the capture. On the 8th inst. a man called at Dye's ranch, on the Chico road, and bought some beef, stating that three of them were camped near the house. After his departure some one remarked he thought that was one of the robbers. On the following morning a man rode around but could find no trace of a camp. A party having been collected, they went to Anderson's place where they learned that three men had been there about two hours previous. They accordingly started on their trail, and after a few miles travel, found them seated behind a bunch of willows. When within fifteen yards of the robbers, the party covered them with their guns, ordered them to throw down their arms, which they did, when they were arrested and searched. While searching the last of the three, the searcher remarked—"You are the men we are after." The robber immediately attempted to escape, upon which several shots were fired at him. He was pursued, and found at a short distance, wounded—a ball having passed through his body above the hips. About $1.200 in coin, and $900 in greenbacks, one gold and one silver watch were found upon their persons. They were then taken to Humbug Valley, where the wounded man was left, and the other two taken to Oroville, where they are held for trial. The robbers were strangers, dressed in full buckskin suits and shoes—two of them being rough-looking chaps and old; the other, who was wounded, was good-looking and young. It is thought that he cannot recover. He would make no confession, but remarked that there was sufficient evidence to convict them without his saying anything.

The wounded man referred to, died on the 13th inst. He was supposed to be an American, about 27 years of age. No information could be obtained from him or his companions, except that his name was White.

A CURIOUS FACT.—While the rebels who fought are acknowledging themselves thoroughly subdued, and are accepting the Congressional terms of reconstruction, and are willing to divide offices with the negroes, the lip valliant northern sneaks are more rampageous than ever, and a thousand fold more afraid of negro suffrage and equality before the law.

ANOTHER DAILY.—The Sonora *Herald* came out as a daily Aug. 14. It is a Union paper, good and true. We wish it great success in its new endeavor for increased usefulness.

THE EFFECT.—The Nevada *Gazette* says Stanly's speech made friends for Gorham rather than Haight. And at the close more cheers were given for Gorham than Haight and Stanly.

DIAMONDS have been found in Amador county

MEETING AT GOLD RUN.—On Thursday evening last there was a large and enthusiastic Union meeting at Gold Run. Mr. Hawkins presided, and speeches were made by S. R. Case, C. A. Tweed and W. C. Norton. Mr. Case, the present County Superintendent of schools, made a short and effective speech which convinced the people that his qualifications and experience cannot be spared, and that he should be re elected.

Mr. Tweed's speech was a calm, logical, convincing argument for the support of the whole Union ticket and the reconstruction measures of Congress. We have already spoken in the INQUIRER of Mr. Norton, and he was fully equal it not a little superior to himself on this occasion. On the whole, the meeting in numbers and enthusiasm was a grand success, and no sane man who knows the facts doubts the triumphant election of our county ticket, and a handsome majority in Placer for the Union State ticket. There are no soreheads in this region, and Gorham will lead the State ticket.

FIRE IN STOCKTON.—The tannery on El Dorado street, Stockton, the property of J. C. Wagner & Brother, was destroyed by fire on Wednesday last. It is supposed that it originated by sparks from the chimney falling on the roof. A large quantity of leather which was ready for shipment, was damaged to a great extent. A new engine and boiler, recently fitted up on the premises, were also damaged. The loss is estimated at $10,000, of which only $4,000 is insured.

STRUCK IT.—Sawyer and Sibley, in traveling over the State, have, it is reported, at last struck a Democratic precinct. They came across a small place where there was not a school house in sight, and every man signed his name with an X. Now boys, said one of them, this looks like old times. They say the Democratic party is dead, so just roll out the whisky, and we will give the corpse a lively wake. The last that was seen of them, all hands were standing up in a circle singing "I wish I was in Dixie."—*Sonora Herald.*

SYMPATHY.—A recent dispatch from Gov. Fenton, of New York, says that loyal men all over the country are watching our contest here in California with keen interest, and are hoping for the success of the Union ticket. They shall not be disappointed.

A CHALLENGE TO A. M. BUSH!

MR. A. M. BUSH, of Coburn's Station, Nevada county, Cal.—I understand that you have boasted that you could whip me or any other man (except Mat. Tracy,) at Coburn's Station. I hereby challenge you to fight me a fair fight in a twenty-four feet ring, according to the rules of the London Prize Ring, for the sum of five hundred dollars a side. The money to be put up in the hands of W. B. Campbell, or any man that we may agree on. Two hundred dollars to be put up when the match is made, and the balance to be paid in according to the articles of agreement. The two hundred dollars deposited to be forfeited by the party failing to come up with the balance of the money according to agreement.

A CARD FROM THE AMERICAN WATCH COMPANY,
Of Waltham, Mass.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this; European are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, are the product of the cheapest labor of Switzerland and the result is the worthless Ancres, Lepines and so-called Patent Levers—which soon cost more in attempted repairs, than their original cost. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches are made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL Watches made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents.

Perry Davis' Vegetable Pain Killer, after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

SEMI-WEEKLY ENQUIRER.

FACILITIES FOR TRAVEL.—Geo. H. Colby has been running his stage daily between Nevada and Dutch Flat for some ten days past. The road between Little York and You Bet is not entirely graded yet, but Colby manages to get through without much difficulty. The bridge that crosses Steep Hollow creek, is finished, all but the planking. The latter is already on the ground, and will be laid next week. The road from You Bet to Little York has been built by the means and energy of one individual—G. H. Colby—at a cost of between five and six thousand dollars. The deep, precipitous ravine between You Bet and Little York, appropriately named "Steep Hollow," has been deemed an almost insurmountable obstacle to a wagon road between the two places, and much credit is due to Colby for the successful connection he has made. The grade between the two places is an easy one, and the road, now almost finished, is one of the best in Nevada county. The road from Little York to Dutch Flat, has recently been completed, at a cost of $5,725, and was done by contract. The latter road is owned by a company—individuals in Little York and Dutch Flat being the stockholders. Travelers can now leave Cisco in the morning train, take the stage at Colfax and arrive in Nevada at one o'clock, and returning in the afternoon by You Bet and Little York, reach Cisco by the evening train from Dutch Flat, all on the same day. The opening of this comparatively new route, will be a great accommodation to the people along the line, and will open an avenue for travel that will inure to the benefit of our city and the traveling public generally.—*Nevada Gazette.*

EXCITEMENT IN COLORADO.—A gentleman informs the Chicago *Tribune* that everything in Colorado is in a disorganized condition; that the people of the Territory are in a state of the wildest excitement; that they are universally afraid that they will be murdered if they stay there. They are abandoning their ranches in every direction, not only depopulating the country, but rendering it a matter of considerable difficulty for the mail trains to gather forage. The Indians are reported to be forming in large parties, and scouring the country, and rumors of outrages in every part of the Territory are rife.

ANOTHER GORHAM TRICK.—The Governor of Pennsylvania telegraps as follows:

HARRISBURG, Aug. 18, 1867.

H. J. Tilden, Chairman California State Central Committee:

The Union men of Pennsylvania lament the division among their friends in California, and in view of the present aspect of national affairs, implore them to sacrifice all personal considerations and stand by the regular nominees.

JOHN W. GEARY.

A CALIFORNIAN CAPTURED IN MEXICO. Among the list of officers captured with Maximilian, at Queretaro, is Major Ignacio Sepulveda, and we presume he is the native Californian of that name who represented Los Angelos county in the Assembly of 1864, and afterwards went with Gandara to Mexico, to fight for Maximilian.

HEAVY SUIT.—Wadsworth Hodgden has commenced suit against Sacramento city for $20,000. He claims that property of his was damaged to that amount by the construction of a wing-dam by the city in 1865. The city has arranged to defend the suit.

A CONNECTICUT paper states that a farmer in that State built a barn thirty-two years ago, and put a crop of hay into it the same year. Last Spring was the first time the last of it was disturbed, the call being so loud that it had to come out. It was as sweet and bright as any ever brought to market.

THE complete refutation of the Chinese humbug is working against the Copperheads. They played their best card, pulled from the sleeve, and have had it trumped. No party that bases its success on shallow lies and prejudice can expect to succeed where there is so much time as there has been in this canvass for refutation.

THE REASON WHY.—Sibley left the Union party because they wanted him to learn grammar and how to spell. He determind to join the Democratic party where he would not be worried with any such fault-findings. That party was opposed to school houses and newspapers, and a man could be ignorant and still be a leader.

CAN IT BE?—Is it conscience that makes such arrant cowards of the Sacramento *Union* people? At least twice they have charged Gorham with a desire to mob their office and destroy it, and once with wishing to murder the proprietors.

FOOLISH THIEF.—On Tuesday night last a thief who evidently don't understand his business, entered the room of a couple of San Francisco "sub" printers, thinking to make a haul. He got $2 50 and an old coat.

TALL TACTICS.—Gorham has roped in the innocent Governor of New York to his support, and the unsophisticated Speaker of the Lower House of Congress. Truly he is a long wire-worker.

AN exchange says that it is a safe rule to wet the wrists before drinking cold water, if at all heated. The effect is immediate and grateful, and the danger of fatal results may be warded off by this simple precaution.

ANOTHER STRAW.—The Oakland *News* says that a vote was taken at the public hotel in San Quentin, the other day, the number of boarders amounting to 710, with the result: Haight, 710; Gorham, 8; Fay, 0.

DON'T DO IT.—Union papers throughout the State are authorized to bet large amounts of money that Gorham will be Governor.

IT often happens when the husband fails to be at home to dinner, that it is one of his *fast* days.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, contain- ing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to a person recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the addicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away its powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit; which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, free. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability, and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of times,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask DR. DOHERTY for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœa, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.
Subscribed and sworn to before me, this 21st day of June, A. D. 1864.
[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to DR. W. K. DOHERTY, alone induces me to make this statement. For many years I have been addicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing DR. DOHERTY'S advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with DR. DOHERTY at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm; as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptiste Society of San Francisco.

DR PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty years standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society; especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
